

Back-to-Basics Webinar Series

A WEB SERIES ON THE BASICS OF THE PORCELAIN ENAMEL PROCESS

What: Learn from leading industry experts right at your desk. In today's electronic age PEI is responding to requests to make our training available without the high travel and hotel stay costs. We have heard you and we will present the popular Back-to-Basics training workshop in a web format; seven sessions from November 2009 through February 2010. Whether you're experienced or new to porcelain enameling, this workshop will help you and your business. Production workers, line supervisors, manufacturing engineers, product designers and department managers will all benefit from this training. Sign-up today and get these dates on your calendar. We will provide you with the web/phone access information as we get close to the first session. A recorded replay can be made available to you at a later date if you miss an original webinar.

Your takeaways: 1) a better understanding of P/E technology and processes, 2) tools to lower production line defects and scrap rates, 3) the key process areas to manage to assure keeping your production line in control and 4) a network of resources to contact as you have questions back on your job.

Schedule: The webinars will be held from 10:30 AM to 12:30 PM eastern time to accommodate all time zones and leave a little time for lunch.

- 1 – "What is Porcelain Enamel," Cullen Hackler (PEI) 11/20/09
- 2 – "Design and Fabrication," David Latimer (Whirlpool Corporation) 12/04/09
- 3 – "Metal Preparation and Cleaning," Tim Scott (Henkel Corporation) 12/18/09
- 4 – "Dry Powder P/E Application," Ken Kreeger (Nordson Corporation) 1/8/10
- 5 – "Wet P/E Application," William O'Byrne (West Coast Porcelain) 1/29/10
- 6 – "Furnaces – Drying and Firing," Mike Horton (KMI Systems, Inc.) 2/12/10
- 7 – "Troubleshooting and Defect Analysis," Holger Evele (Ferro Corporation) 2/26/10

Cost: PEI members - \$85 per session or \$445 for all seven, Non-members - \$175 per session or \$895 for all seven.

Webinar Logistics: As we approach the first session you will receive the audio dial-in and the website connection instructions along with other information on how to ask questions, contact the moderator, etc.

Please contact PEI with any webinar registration or logistical questions and fax this form back the office at 770-676-9368—REGISTER TODAY!!
